## News

We are working with the clinic team and gathering a wish list in regards to applying to the NZ Community Trust for funding.

Our policies and procedures document has just been updated and this will be available on our website very soon. Thanks to all the Trustees and to CSSC and CILT for your input and guidance. It was a huge task that was made achievable with the many hands making light work.

## Fundraising

Thank you to everyone who donates goods for us to raffle off, it is very much appreciated.

If you have made a donation during the last financial year, donar receipts will be on there way to you.

## Colville Community Facilities Project

Our second newsletter has been sent out, and is also available in print version from the Clinic. We are currently applying for funding for Stage Two: Feasibility Infrastructure.
