

COLVILLE
COMMUNITY HEALTH TRUST

We have a busy summer and autumn of fundraising events planned, starting with assisting The Colville Project team with a sausage sizzle at the Barry Brickell 'Play With Clay' Day in Coromandel on 25 January (Auckland Anniversary Weekend). For more details see the TCP announcement elsewhere in this issue. Then in February or March we will have that postponed cake competition - look for details on our website and on posters around Colville. Details on other events will be forthcoming when plans are settled, so watch this space.

In 2019 we had some truly wonderful items up for raffle, and we thank all who donated. If anyone has items they think would make good prizes, don't be shy, bring them in! Remember, all funds raised go to the building fund.

We are still looking for new trustees, so if you or anyone you know has time, skills and experience in governance and financial management, we would like to hear from you.

We wish all of you a safe, happy and healthy New Year - may 2020 be the best yet!
