

**COLVILLE**  
COMMUNITY HEALTH TRUST

Hello everyone,

It is starting to feel like summer, isn't it! I promised last time to update you all on how we did at the Colville Community Market and the Tangiaro Spring Festival on Labour Weekend. The whole weekend was a great success, with \$1100 raised through sales at our bric-a-brac table at the Market, and raffles and Gold Coin entry donations at Tangiaro. We are very grateful to the organisers of both events, and to all who donated goods for sale and items to raffle, to those who bought goodies from our table and raffle tickets, and to those who offered up those precious gold coins that add up so quickly!

We are also very grateful to an anonymous donor who recently gifted the Trust with \$2800 towards the Building Fund. Such generosity in gifts both large and small is what keeps us ticking along.

We are still in search of furniture for the two new consultation rooms at the Health Centre. If anyone knows of office desks and chairs going for free or for a reasonable price, we would love to hear from you. These rooms are essential for offering more health services to the community, and we would love to get them up and running soon!

We here at the Trust wish you all a happy and healthy holiday season.

Emily
