

COLVILLE
COMMUNITY HEALTH TRUST

Kia ora!

Our big news this month is that Dr Kate and her team of experts and volunteers have again made their Manuka Honey-Kumarahou Tonic, being offered for free to our over 65's and anyone else who is high risk for health issues secondary to viral infections. If you are in this group, and would like a pot of this wonderful tonic, please contact the Health Trust and let us know. Email colvilletrustmanager@gmail.com, or phone Emily at 021 0246 2028.

In other news, the Great Coville Re-Fashion Show will go ahead, we promise! We just don't know exactly when yet, as we need to wait for a return to Alert Level One. Once that happens, please keep an eye out for notices here in the Panui, on community social media, and posters around the area. If you left your phone number on your ticket stub, we'll be contacting you.

We have received a few donations recently through Givealittle, so this is a good time to remind people that this is a possibility. If you would like to help us in our efforts toward building the new Wellbeing and Education Centre, search for Colville Community Health Trust on the Givealittle homepage. Donations can also be done through online banking to The Colville Community Health Trust, account number 38-9002-0885683-01. Please put your name in the reference section so we can send you our heartfelt thanks and a tax receipt.

Thank you, your support makes wonderful things happen!
