

COLVILLE
COMMUNITY HEALTH TRUST

Hello everyone,

We've been considering our winter fundraiser, and have come up with an idea that we think fits beautifully with the eco-aware spirit of our community - **a fashion show of your best efforts at upcycling op-shop items or older clothes in your closet you feel need updating!** The event will include a display and sale of **non-clothing recycled or repurposed items** donated to the cause - the new Wellbeing and Education Centre. There will be a cake competition as well. We will be advertising for volunteer assistance getting this off the ground, so please contact Emily (021 0246 2028) if you can help out on the day. Keep an eye out for promo posters around Colville for more information, and please get involved, we can't do it without you!

In other news, we are still hoping for a second-hand washing machine donated for our staff and student accommodation. And we have set a date for this year's AGM - 8 Sept. Please see the notice elsewhere in this issue of the Panui. If you would like to join our team of trustees, please contact Emily for a nomination form, and return it to us by 8 July.

Keep warm, everyone!
